

# CAMP RockSport

This summer, kids can have a great time at RockSport learning and expanding their climbing, rappelling, safety, responsibility, and self confidence.

Our camp is geared for kids of all climbing abilities. Beginner and intermediate climbers will have the chance to learn more about climbing and belaying, making them self-sufficient gym climbers (so they can come in and climb anytime!).

Kids will also advance their skills in climbing technique and become more aware of climbing safety.
